Info on a few of our vendors, watch for more in future newsletters:

The Apple Works

The Apple Works, as its name implies, is devoted to producing the best quality apples and apple products possible for this region. We dedicate great effort toward our 65 varieties of apples, our cider and our from-scratch baked goods. We grow our own strawberries, blackberries, Asian pears, asparagus, pumpkins, winter squash and tomatoes as well. We depend on other local growers who we have known for a long time to supply us with other seasonal fruits and vegetables to complete a full array of the summer and fall products we all look forward to in Indiana.

Gram's Jams

Gram's Jams makes jam the old fashioned way, one small batch at a time. They have a flavor for everyone, from those who like traditional flavors like Apple Butter or their award winning Cherry, to those who like things a bit more adventurous with options such as Raspberry-Moscato their award winning Strawberry-Jalapeno!

Wildflower Ridge Honey (WRH)

W R H will again offer their handmade Honey Peanut Butter and 5 varieties of whipped honey this year. The whipped honey comes in a small size and a large size. They also are offering a special IN Bicentennial Jar of Honey to commemorate this special occasion year.
